

10 acres of gardens, woodland and pasture around the hotel ensure complete seclusion.

The valley is home to badgers, foxes, rabbits, buzzards, jays, woodpeckers, owls and herons, as well as the resident wildfowl on our ponds.

Rose in Vale
THE HOTEL IN THE VALLEY

M I T H I A N S T A G N E S C O R N W A L L

The stunning North Cornish coast provides the perfect backdrop for this intimate family run Georgian manor house hotel.

unique

Perfectly located in our 10 acre grounds, our hotel has a wonderful relaxed atmosphere and a warm welcome is assured.

Marvellous food and wine, enhanced by our sweeping bay windows overlooking rosebeds and lawns to the wooded slopes beyond.

delicious

We source locally produced foods, from local suppliers or markets. Our menu changes daily and it always includes some local fish, crab or lobster. We make our own breads, ice creams and sorbets and in 2008 we started producing our own fruit and vegetables.

Our drawing room is available for smaller functions or private dining for up to 12 people.

We have a choice of eighteen bedrooms and suites all tastefully appointed to provide high levels of comfort during your stay.

comfort

All rooms are fitted with individually controlled central heating, television, radio, hairdryer, beverage tray and en-suite bathroom. For the less able, there are three ground floor rooms with level access to the gardens, the pool and restaurant.

Roses around the windows in summer,
cosy open fires in winter, a true English
country house with comfort and style.

special

Settle in a comfortable chair with a good book, or take a dip in the pool, laze in the sunshine with a cool drink, or simply stroll around the grounds and relax in our special atmosphere.

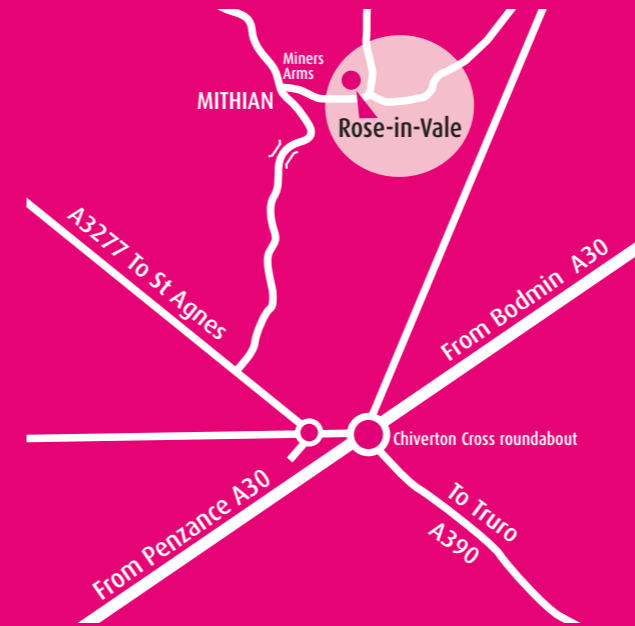

The Garden Suite

For those who desire privacy and something a little different

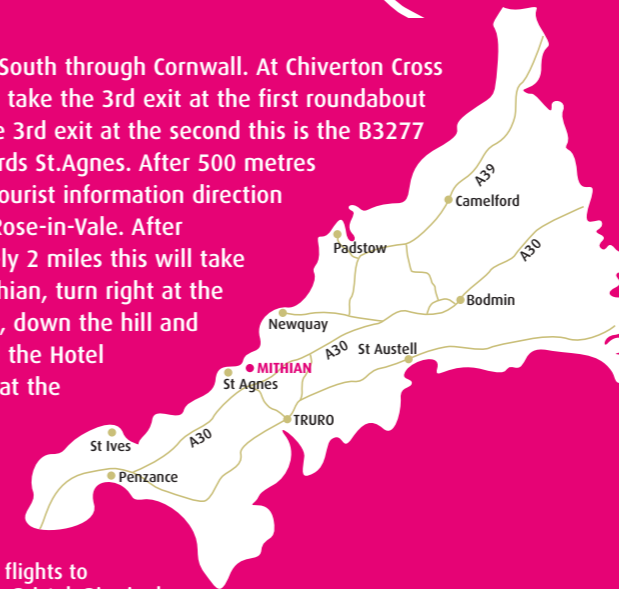

This private annexe has been created from old stable buildings and benefits from a relaxing atmosphere, contemporary design, and excellent facilities, all in an accessible location.
